

Central Society of Electroneurodiagnostic Technologists

www.csetonline.org

Media Kit 2010

CSET is a regional professional society of Electroneurodiagnostic Technologists in the midwest and central regions of the United States. CSET has approximately 130 members of technologists who perform electroencephalography, evoked potential testing, intraoperative neuromonitoring, and polysomnography.

Online Advertising

Currently CSET offers front page banner representation of your company logo accompanied by a link to your company's website. The banner should be aesthetic, readable, and sized to 200x60 pixels. Our webmaster/graphic design may assist you in the design or sizing of your banner at no extra cost.

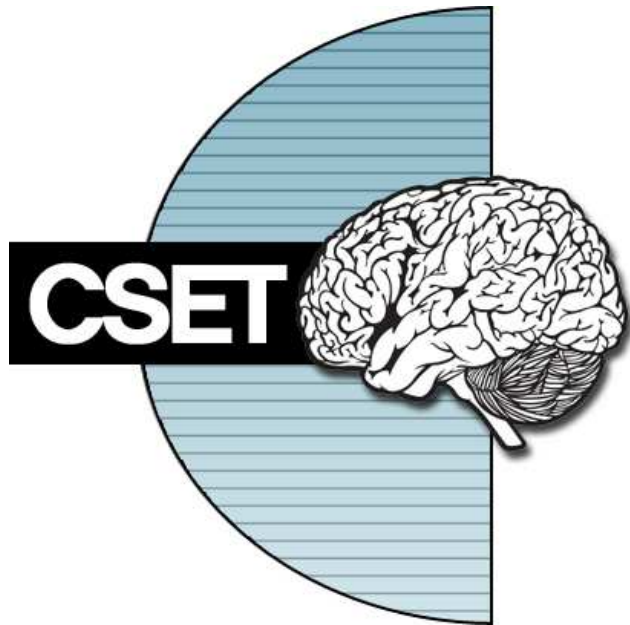

Banner dimensions

200x60 pixels

Pricing

\$100/yr
