CSET

Media Kit

CSET is a regional professional society of Electroneurodiagnostic Technologists in the Midwest and central regions of the United States. CSET has approximately 130 members of technologists who perform electroencephalography, evoked potential testing, intraoperative neuromonitoring, and polysomnography.

Advertising

Currently CSET offers front page banner representation of your company logo accompanied by a link to your company's website. The banner should be aesthetic, readable, and sized to 125x125 pixels. Our webmaster/graphic design may assist you in the design or sizing of your banner at no extra cost.
